RATES & COMMISSIONS

wiehr.cc | hello@wiehr.cc

Commissioned music production and software engineering for creative projects, businesses, and independent artists.

COMPOSER SERVICES

Composition & Scoring from €500
Original music for films, games, theatre, dance, and media. Cinematic, ambient, and experimental electronic compositions built around a synthetic-orchestra approach. Credits include Warsaw Film School, physical theatre, and brand campaigns.

Mixing & Mastering from €100 / track
Stereo mixing and mastering for streaming platforms (LUFS). Focus on clarity, depth, and consistent playback across systems.

Sound Design from €300
Original sound design and synthesis for film, theatre, games, and interactive media. Ambient, cyberpunk, DnB, techno, Foley, field recording, and sound processing.

ENGINEER SERVICES

Website Development from €1 500
Custom websites with Django, interactive frontends, and CMS backends. WebGL visualizations, music distribution platforms, release management. Full cycle from design to deployment, including domain, hosting, and SSL.

Software Engineering €55 / h
Full-stack: Python (Django, Flask, FastAPI), React, REST/gRPC APIs. Backend/API dev, data pipelines, ETL, third-party integrations, Celery background processing. 5+ years in production systems: e-commerce (5M+ products), ML pipelines, GDPR health-data platforms.

Cloud & Infrastructure €60 / h
AWS design with Terraform, Kubernetes, Docker. Lambda, S3, ECS, RDS, VPC, IAM, CI/CD, Grafana, Prometheus. AWS Certified Solutions Architect & Cloud Practitioner. Reduced AWS costs by $100K/yr.
